## Terms & Conditions for Banquets and Event Bookings

### **Our quality awareness briefly described**

We are constantly striving to hunt for the best products available. This is a very time consuming progress. So, in order to serve you these products in their still best quality it requires the combined effort of service, kitchen and to some extent our guests, too.

Our menu is calculated as attractive as possible and therefore we ask you for precise information regarding the time, number of persons and your preferences. Only then is it possible to serve you the best quality at a good price.

- **Menu Suggestions**

For organisational efficiency we ask you to decide on one set menu only when booking for larger groups.

The menu prices listed are for banquets only. They are pro rata and per set menu taken in our restaurant.

We do, of course, offer more complex dishes and set menus. Tailoring your personal set menu will require prior consultation by appointment.

- **Booking and Payment Process**

To arrange for fresh groceries in time we need an approximate number of the party as well as any additional terms at least 14 days prior to the event.

When calculating the banquet we take into account the number of guests given to us by two business days prior to the event.

Alterations or cancellations concerning the set menu made later will be made chargeable in accordance with expenses that have incurred.

Alterations made at a short notice are of course possible but always result in extensive efforts.

The account is due with the issuing of your final invoice.

We accept debit cards, bank transfer or cash.

Payments made by bank transfer are due within 8 days from date of invoice without deduction.
